

## Stormwater Solutions / Foundation Forming & Drainage

### PROFORM HD®

Form • Drain • Vent

Proform HD® (Heavy Duty) is an innovative, efficient alternative to traditional wood or PVC forms. This dual-wall corrugated HDPE system actually forms the footings while at the same time providing superior drainage and radon venting - all in one easy step!

### New Features

- **Greater Stiffness:** Faster and easier installation in all weather conditions
- **Improved Couplers:** Better holding power and faster connections
- **Streamlined Structure and Durability:** For the toughest installation environments

### Additional Features

- **Easy to Handle:** Lightweight yet rigid
- **Cold Weather and Impact Resistant:** Doesn't crack in cold weather or when mishandled on the jobsite
- **No Stripping Forms:** Stays in place after footings are poured
- **No Drain Pipe:** Save time and money by not needing to install additional drainage
- **Easy to Install:** Accommodates various staking procedures
- **Single Elbow, Multiple Angles:** The 90° elbow can be modified for other angles, eliminating the need for extra elbows on the jobsite
- **Installed Couplers:** Ships with coupler installed for increased worksite efficiency

**Available Sizes and Fittings**

6" x 10' Proform HD®
6" Proform HD with Sock
6" Variable Angle Elbow
6" Vertical Elbow
6" Coupler
6" End Cap
4" Crossover Adapter
Single Outlet
8" x 16" Spacer Strap
8" x 20" Spacer Strap
8" x 24" Spacer Strap
18" Metal Grade Stake

**Rigid**

Dual-wall corrugated HDPE plastic for structural strength and performance.

**Installed Couplers**

Proform HD arrives at the jobsite with couplers installed, saving you time and money.

**Easy Drainage Outlets and Crossovers**

Easily cut a hole in Proform HD with a standard hole saw, insert an outlet adapter and connect pipe.

**Benefits of HDPE**

- **Resistant to Rust, Corrosion, and Deterioration**
- **Durable:** Cold weather and impact resistant
- **Lightweight:** Easy to load, unload, and handle on the jobsite
- **Easy to Cut:** Can be done on the jobsite with multiple methods

**Easy to Cut**

Simply cut Proform HD to fit with a hand saw, reciprocating saw, or circular saw.
